

Frac Sand: 12/20, 20/40, 30/50, 40/70, and 100 Mesh

Chemical Name: Crystalline Silica - Quartz

CAS No. 14808-60-7

Company Name: Titan Lansing Transloading, LLC

Address: 706 Ave B., Levelland, TX 79336

Phone: (806) 894-4852

Emergency Phone: 1-800-424-9300 (Chemtrec)

Website: www.TitanLansing.com

Precautions: Avoid actions that cause dust to become airborne. Avoid inhalation of dust and contact with skin. Wear appropriate personal protective equipment: eye, skin, and respiratory protection. Use local exhaust or general dilution ventilation to control exposure within applicable limits.

Use wet methods, dust suppression agents, or vacuums to clean up spills. Place in closable containers for reuse, recycling or disposal. Do not dry sweep. Promptly remove dusty clothing and launder before reuse. Wash thoroughly after exposure to dust.

Crystalline silica (quartz) is not a hazardous material for purposes of transportation. Dry fine materials best transported by bulk tanker or sealed bags. Aggregates should be sheeted or conditioned with water to minimize dust. Enclose final product to avoid dust to become airborne.

Fire Hazard: Not Applicable

FIRST AID

Inhalation: Remove to fresh air. Give artificial respiration as needed. Seek medical help if coughing and other symptoms do not subside.

Ingestion: Do not induce vomiting. Seek medical attention or contact poison control center immediately for proper treatment advice.

Eyes: Immediately flush eyes thoroughly with water. Call physician if irritation persists.

Skin: Wash skin with soap and water. Call physician if irritation persists.

DANGER

May cause cancer by inhalation. Causes damage to lungs, kidneys, and autoimmune system through prolonged or repeated exposure by inhalation. Causes eye irritation.

May cause gastrointestinal irritation if ingested. May cause irritation to moist mucous membranes of the nose, throat, and upper respiratory system. Pre-existing upper respiratory and lung diseases may be aggravated by inhalation or dermal exposure.
